

WORKING TOGETHER TO EXPAND ACCESS TO CARE

America's leading doctors, nurses, clinicians, hospitals, health insurance providers, biopharmaceutical companies and employers are committed to working together in this unprecedented time, to ensure every American receives the care they need and deserve.

Since the onset of this crisis, our members have quickly mobilized to address the spread of COVID-19, both in their individual roles and by working together to expand access to care. In many states, special enrollment periods are providing millions of Americans with access to affordable, high-quality coverage at this critical time.
