

# VOTER VITALS: A HEALTH CARE TRACKING POLL

## September 2024 Battleground Edition

The latest edition shows that voters nationally and in key 2024 battleground states overwhelmingly support building on our current system more than creating a new government-run health insurance system like the public option. Most likely voters across battleground states say they would be LESS likely to vote for a lawmaker who supports creating a public option.

### TOP ISSUES IN 2024

Inflation (49%)

The Economy (40%)

Immigration (31%)

### HEALTH CARE POLICY

- A majority of likely voters (53%) are SATISFIED with our health insurance system overall, and satisfaction with individual plans is HIGH nationally (75%) and across battleground states (73-77%).
- BUILDING ON our current system earns much more support nationally (71%) and in battleground states (70-80%) than creating a new government-run health insurance system like the public option.
- Most voters (52%) trust the FREE MARKET more than the federal government to manage health care – especially in battleground states: PA (59%), AZ (58%), GA (58%), MI (57%), and WI (54%).
- A majority of likely voters continue to be UNWILLING to pay any more for health care (77%) or in taxes (71%) to fund the creation of a public option.
- Most voters nationally (54%) and in battleground states (53-59%) would be LESS likely to vote for a lawmaker who supports creating a new government-run health insurance system.
